CEO's Note

This past year, like every one before it, has been a pivotal chapter in SaaSBoomi's journey.

Together with our team and 120+ unstoppable volunteers, we have launched over 100 initiatives so far, delivering more than 60,000 hours of founder impact. We've nurtured a thriving community of 6,500+ members and directly supported 2,000+ startups across the country.

Behind every number is a story of intent, care, and pro bono hustle. Over 15,000 hours of volunteer time, all driven by the belief that Indian SaaS deserves a world-class community.

And still, we're only getting started.

As we step into 2025-26, our focus sharpens. We're building the definitive home for AI-first founders through Boomi AI.

This isn't just evolution. It is reinvention. A chance to rebuild the ecosystem, redefine relevance, and shape what the future of community looks like in an AI-native world.

It's bold. It's necessary. And it's time.

Onwards,

Avinash Raghava

Alphabin

Caravan

SaaS for the US market

A 5-day immersive experience for Indian SaaS founders with US ambitions. Tailored to help founders build and scale in the American market, this edition, with an **overall event NPS of 86/100**, was a celebration of India's SaaS ascent.

95% of Founders Took Away Actionable GTM Strategies

Nearly all attendees (95%) reported leaving the event with at least one actionable go-to-market (GTM) takeaway that they could apply to their business.

High Engagement and Positive Feedback Across Sessions

85% of founders rated the sessions 4/5 or higher. The “Unconference – M&A” led with a score of 4.24/5, offering valuable insights on mergers and acquisitions in an informal setting with plenty of “off-the-record” conversations.

Fireside Chats Provided Inspiration

Over 80% of participants praised the fireside chats, with “From Startup to IPO” by Girish Mathrubootham (4.17/5) and “Navigating Change, Crises and Technology Transitions” (4.12/5) with John Chambers being particularly highlighted for their inspirational guidance.

Emerging Technology and AI Emerged as Key Focus Areas

Sessions on AI and tech innovation saw engagement, with 70% of founders expressing interest in exploring these topics further, despite lower scores for some AI-specific sessions

Significant Networking Opportunities

90% of founders reported that the conference provided invaluable networking opportunities. The “Unconference” style sessions, and Industry connect were particularly effective in facilitating conversations that led to potential partnerships and collaborations.

Practical Takeaways for Revenue Growth

80% of attendees noted that sessions like “Lessons Learned from Scaling Revenue Orgs” by Dini Mehta (4.05/5) and Sahil Agarwal's session on SaaS metrics gave them concrete steps to optimize their sales processes and accelerate growth, which they plan to implement soon.

12th — 16th Sep, 2024
Bay Area, USA

“What a great session @SaasBoomi Caravan last week! It was an honour to share leadership lessons I have learned with the young startup founders in the audience & discuss my optimism for the future of US-India tech relations.

John Chambers
Chairman
Emeritus, Cisco /
CEO, JC2 Ventures

- 47% had attended before — showcasing a solid return rate.

Event Quality vs Previous Years

- Avg Comparison Score: 4.38 / 5 (from repeat attendees)
- Majority rated this year as better or much better than their past experience.

62/100 overall event NPS (Returning attendees - 79/100)

24th January —
1st March, 2025

“We had an amazing and truly inspiring time at SaaSBoomi Social in Rajkot! The energy, passion, and collaboration within the SaaS founder community were truly exceptional. While we asked Avi (Avinash Raghava) for a chance to host it in Rajkot next year, he surprised us by saying — go ahead and do it this year! That turned into an incredible experience and strengthened our local ecosystem.

Let's continue to connect, collaborate, and contribute to the evolution of the SaaS community in India!”

**8.75/10
Average NPS**

**6 Playbook Roundtables
Across 6 cities & online sessions**

SGx Cohort 5 & 6

Our prodigal pay-it-forward, pro bono initiative committed to supporting Indian AI and SaaS startups through a 16-week, implementation-driven program continues to be one of the most popular programs. With no equity or fees, SGx focuses purely on impact and community. This year across the 5th and 6th cohorts, the program supported 13 startups, engaged 7 and 6 mentors respectively complemented with strong wingmates, and achieved an average Net Promoter Score (NPS) of 8.95/10—reflecting strong participant satisfaction and program effectiveness.

Scaled Founder Retreat

30—31 May & 28—29 Nov, 2024

Two residential retreats held six months apart, a close-knit group of founders—many attending both—came together to reflect, recharge, and scale. With 15 and 13 founders respectively, leading companies with \$10M to \$50M in ARR, the sessions covered everything from building to exit, time management, and team leadership to long-term value creation and personal growth. The 60% overlap in attendees fostered deeper trust and continuity.

Beyond the retreats, two focused roundtables and a scaled Track at Annual '25 added to the momentum.

Growth Founder Retreat

6—8 Sep, 2024

The convergence of a group of founders from high-performing companies (\$3M–\$10M ARR) who gathered in Half Moon Bay, USA, for a focused three-day workshop. Blending structured sessions with open discussions, they explored topics like enterprise sales, revenue models, leadership scaling, and founder well-being. The retreat fostered deep peer learning, personal growth, and a strong sense of community among growth-stage leaders. High Level Stats:

16 Founders

11 Companies

Bootstrap Inc

26—28 July, 2024

A curated retreat that brought together passionate founders for a powerful exchange of ideas and experiences. A standout session with Jaipur Rugs' Nand Kishore Chaudhary inspired deep reflection on purpose-driven entrepreneurship. Key discussions covered co-founder alignment, leadership hiring, outbound strategy, SEO, and scaling culture—making it a rich and energizing experience for all involved.

High Level Stats:

25 Founders

20 Companies

PULSE

Promoting Unity, Leadership, and a Stronger Ecosystem

An ongoing and growing DEI initiative that stayed true to its mission of elevating women in SaaS and AI through meaningful experiences. This year, a two-day retreat brought together nine women leaders for candid conversations, deep connection, and community building. At the Annual '25, PULSE expanded with a curated track for over 150 participants—featuring a Women Leaders' Luncheon, storytelling, and tactical sessions on funding and GTM strategies. The track earned an **average rating of 4.3/5**, highlighting its strong impact.

Leader's Platform

Oct, Nov, Dec 2024 & Jan 2025

The Leaders Platform is SaaSBoomi's hub for functional leaders in high-growth SaaS and AI companies, fostering peer learning and collaboration across roles like growth, marketing, and product. Launched this year, it hosted four focused roundtables and playbook sessions, enabling leaders to tackle real-world challenges and build meaningful connections.

SB Online - Circle

SB Online is a safe online space for SaaS founders to connect with peers, ask questions, seek help, access valuable resources, and learn from experts.

Today, we are a thriving community of 2,211 members, including 773 active members and 67 new members who joined us in the last three months.

In 2024-25, SB Online continues to build on its impact by:

- Providing a trusted network for real conversations
- Helping founders learn from each other's experiences
- Offering direct access to resources, expert sessions, and peer-led learning

Volunteers Retreat 2024

19—21 July 2024, Goa

A heartfelt tribute to the community that powers SaaSBoomi. Designed to thank the volunteers for their unwavering support and dedication, the retreat brought everyone together over three days in Goa. Attendees shared laughter, music, and meaningful moments through activities like a mixology workshop, unfiltered founder journeys, and moving volunteer stories.

SaaSBoomi Membership

A Movement of Goodwill & Growth - Built by Founders, for Founders.

Our membership program is a doorway for founders to become part of the foundation that keeps this movement strong for the next generation of SaaS & AI founders, ensuring this legacy thrives for years to come and that no founder walks alone.

Choose how you belong

As a **Boomi Explorer**, founders gain access to the powerful community—to gain deep insights, mentorship, and a powerful peer network.

Boomi Supporter are founders who collaborate to make India a product nation and actively grow this movement with financial support. Annual Contribution: ₹10,000 + GST per founder.

The first 150 sign ups receive exclusive Boomi Supporter Pioneer Pins.

SaaSBoomi Compass

Launched this year, SaaSBoomi Compass is an exclusively designed, founders-only application built to foster deeper networking and strengthen community bonds within SaaSBoomi. It serves as a central hub for event registrations, peer discovery, and meaningful engagement. With powerful search capabilities and upcoming interactive features, Compass is set to become the go-to platform for founder connectivity and collaboration.

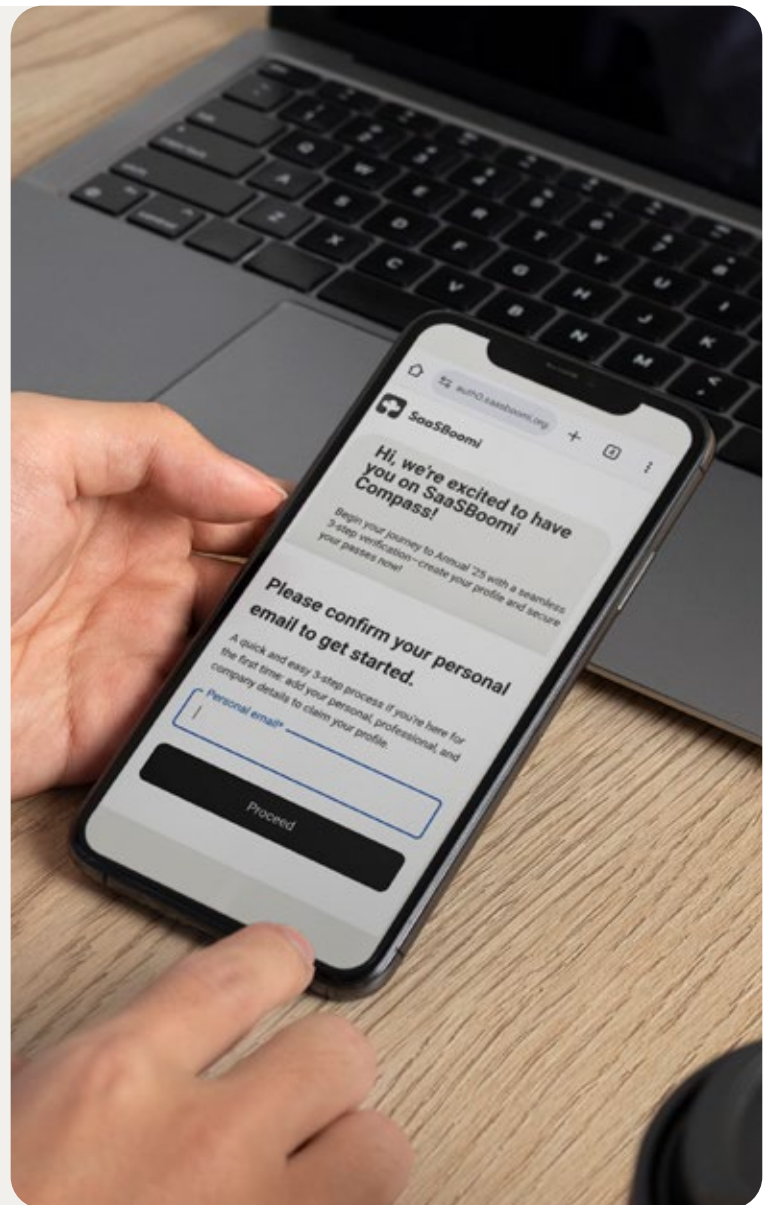

This year registration for Annual '25 was via Compass.

High Level Stats:

India Market Report

The India Software Opportunity 2035 report, launched at SaaSBoomi Annual'25, explores the immense potential of India's domestic enterprise software market. While India has built globally successful SaaS companies, the next frontier lies in tapping into its own rapidly growing economy—projected to be among the world's top three by 2035. The report maps emerging opportunities across industries, functions, and customer segments, and lays out a roadmap for building and scaling software businesses for India. With insights, forecasts, and case studies, it's a call to action for the next wave of founders to build for Bharat.

SaaSBoomi US Chapter

The SaaSBoomi U.S. Chapter was officially launched in the Bay Area on February 24, 2025, with a special dinner bringing together 61 founders, investors, and ecosystem leaders. Girish Mathrubootham announced the launch and spent the evening engaging with attendees. SaaSBoomi team members Vinod Muthukrishnan, Avinash Raghava, and Sandeep Todi also shared the vision behind the U.S. initiative.

Volunteers Ashwini Kulkarni and Abhilasha Juneja led the charge — putting together event collaterals, coordinating dinner arrangements, and managing guest check-ins with ease.

The evening saw several notable founders and friends of SaaSBoomi in attendance, including Mohit Garg, Meetul Shah, Sunil Patro, Mihir Nanavati, Dinesh Katiyar, Krishna Mehra, and representatives from SVB, top VC firms, and more.

The SaaSBoomi Way

Always Championing the Founder's Journey

SaaSBoomi is a close-knit community of SaaS and AI founders from India, built by some of the nation's most pioneering entrepreneurs. Rooted deeply in the founder's perspective, we understand the highs, lows, and everything in between. From idea-stage dreamers to global-scale unicorn builders, our community welcomes everyone. Our dedicated US chapter carries India's spirit across the world.

Empowering Founders to Build the Future

We exist to help founders and their companies thrive, innovate, and lead. Through meaningful connections, hands-on mentorship, and founder-led playbooks, we equip our community with the tools to shape the future of SaaS and AI. Here, founders find safe spaces to share openly, learn deeply, and grow stronger together.

Pay-it-Forward: Our Living Ethos

At SaaSBoomi, the pay-it-forward spirit is not just a belief, it is how we operate. Founders come together to share, support, and shortcut each other's journeys, avoiding costly mistakes and building momentum faster. Inspired by Silicon Valley and adapted for India's unstoppable ecosystem, this ethos powers everything we do and creates a cycle of giving that strengthens the whole community.

Powered by Volunteers, Driven by Founders

Every initiative, every event, and every project at SaaSBoomi is led by founders, volunteers, and fellows who give their time, energy, and wisdom back to the community. Guided by empathy and respect for the founder's path, we stay true to our mission to be a home that supports, uplifts, and celebrates founders at every step.

Shaping the Next Playbook

As India's SaaS and AI ecosystem scales, we are evolving with it. Our "groups within the group" approach allows us to serve founders more deeply, fostering tighter communities around stages, sectors, and geographies. We are writing this new playbook as we go, staying rooted in a growth mindset and embracing vulnerability as a strength. By leaning on the collective wisdom of our community, we are building a stronger, more connected future, together.

Expanding the Mission

This year, we're taking a big step forward by bringing Jagah into the SaaSBoomi fold. Jagah strengthens our commitment to building spaces where founders can find belonging, support, and inspiration, beyond just professional growth. In a world where the founder journey can feel isolating, creating safe, real-world spaces for connection has never been more important. Jagah is our way of ensuring that the founder community thrives not just in business, but in life.

Facing the Gol-AI-th Our Progress and the Road Ahead

AI Bootcamp

7—9 June 2024, Bangalore

An immersive two-day experience powered by Microsoft, AI Bootcamp that brought together 100+ early-stage SaaS founders exploring AI integration. The event featured deep dives into product innovation, GTM for AI startups, and playbooks from scale-stage leaders like InVideo, Ozonetel, and Presentations.AI. Sessions included live demos, expert panels, and hands-on workshops tailored for the AI-first era.

IndAI Showcase

24—26 March 2025, Chennai
(Followed by demos in different cities)

Hosted during Annual '25, IndAI Showcase put the spotlight on seven of India's most promising AI SaaS startups. With 1,500+ attendees from the ecosystem, the showcase offered visibility, investor access, and live-stage validation for founders building AI-native products. Startups engaged in feedback-rich conversations with VCs and operators during and beyond the on-stage presentations.

BoomiAI

Launched March 2025 at SaaSBoomi Annual '25

BoomiAI is a new home for AI-first founders — a space where SaaS and AI are seamlessly interwoven to shape the next decade. It is not a replacement for SaaSBoomi, but a bold extension of it. The familiar “Boomi” remains at our core, but now expands to embrace artificial intelligence — the next frontier of innovation.

We're growing new branches while keeping our roots strong. Just like a butterfly doesn't forget it was once a caterpillar, we're honoring our SaaS journey while discovering new ways to fly.

Starting with Annual '25, BoomiAI will become the linchpin of our most meaningful efforts, integrating AI-first thinking into all our events and initiatives. Like fireflies passing light between them, founders will illuminate possibilities together.

Looking Ahead: BoomiAI and the Next Chapter of SaaSBoomi

As we reflect on a year of meaningful growth and connection, we're also turning our gaze forward with clarity and conviction. The coming year marks a bold new chapter for the SaaSBoomi community with the launch of BoomiAI, a pivotal shift that places AI at the center of everything we do. While SaaSBoomi remains our foundation, BoomiAI represents our next big leap—an intentional expansion that embraces AI-first thinking while staying rooted in the spirit of collaboration, learning, and founder-led growth that defines us.

Launched during Annual'25, BoomiAI will serve as the core theme across our events, roundtables, and playbooks. We'll explore how SaaS and AI can come together to unlock new opportunities, redefine industries, and inspire a new generation of builders.

This shift isn't about replacing what works—it's about widening the lens, adding new dimensions to our collective mission, and ensuring our community continues to lead from the front.

As we move into this exciting future, we invite you to be part of shaping it—together. BoomiAI isn't just a term. It's a commitment to the future of innovation from India.
